

Joint Strong is the first formula designed to "put out the fire" of inflamed canine joints. Joint Strong fights inflammation and helps produce results even for dogs that are "non responders" to ordinary formulas.

Joint Strong puts out the wire with ORAC antioxidants, as found in wolf diet. Reducing inflammation enables Joint Strong's blend of glucosamine, chondroitin, Omega 3's, and more to work even better.

First, reduce inflammation and discomfort Omega 3, flavonoids, polyphenols, ellagic acid, elevated SAME levels, and MSM fight inflammation. Next, guard cartilage from chemical attack Green Tea extract, acetyl-cysteine, and curcumin inhibit cartilage destroying enzymes. Finally, support repair and growth

Glucosamine, chondroitin, CMO help "turn on" anabolic processes to support cartilage repair and growth Joint Strong is concentrated, so only small amounts are used, plus dogs love it. Whatever the activity or joint status, Joint Strong fights inflammation so glucosamine and other joints builders work better. Sugar free, human grade, zero trans fat

100% NATURAL INGREDIENTS: Cooked chicken, Stabilized rice bran, JOINT SUPPORT FACTORS: Glucosamine hydrochloride (1,150 mg), Chondroitin sulfate, TMG (Trimethyl glycine), MSM, CMO (Cethyl Myristoleate), Chicken collagen type II, Hyaluronic Acid (N-acetyl glucosamine, D-glucuronic acid), OMEGADOG: (Cold Pressed Camelina oil, Vitamin E) K9 ORAC-POWER: Vitamin C, High ORAC anti-inflammatory extracts from Wild Blueberry, Cranberry, Raspberry, Strawberry, Prune, Tart Cherry, Bilberry, Decaffeinated green tea extract, Pomegranate fruit extract, Curcumin, Acetyl Cysteine, Pyridoxine HCL, Thiamin HCL, Vitamin D3, Folate, Manganese, Cyancobalamin, Biotin, Natural flavorings.

GUARANTEED ANALYSIS:

Crude Protein Minimum 16% Crude Fat Minimum 37% Crude Fiber Maximum 7% Carbohydrate 35% Serving Size: 1 level scoop (9 grams)

DIRECTIONS:

Dogs 0-45 lbs. 1 scoop Dogs 46-100 lbs. 1-2 scoops Dogs over 100 lbs. 2 scoops Double amounts for dogs under extreme physical stress.
